SPECIFICATIONS

Model	CC-AC800-C
Cooling Capacity	800W
Power consumption	300W
Power Supply	230V/50Hz
Range of Working Temperature	-40 ~+55 Degrees C
Running Current	1.4A
Starting Current	5.6A
Refrigerant Type	R134a
IP Level	IP55
Noise Level	60dB
Ambient Set Temperature	20-40 Degrees C
Temperature Control Mode	Digital display thermostat
Installation	Door mounted (embedding slighted)
Power Supply Connection	Three-core conductor(2-5m long)
Color	Electrostatic coating (RAL7035)
Dimension (HxWxD)	550x320x170mm
Dimension With Flange (WxDxH)	582x352x170mm
Weight (Kg)	17
